### Advantages

Our technology is the unique alternative for a perfect cleaning with a short drying time.

Evolut-ION Cleaning Solution offers even more:

- Woolsafe certified
- Eliminates all stains permanently (except old tanin)
- Cleans down to the underside
- An efficient thorough cleaning superior to traditional methods
- A greater homogeneity in cleaning
- No shrinking or fading for textiles
- Preserves natural velvet and gloss, carpets and carpets undersides
- Nontoxic formula for children and pets
- Subsequent soiling delayed (leaving no dry extracts or soap residues in fibers)
- Environmentally friendly, biodegradable
- pH Neutral

### Certification

Evolut-ION Cleaning Solution is approved in line with the WOOLSAFE Organisation's stringent test procedures and safe to use on wool and wool-rich carpet and rugs.

### How To Mix:

Low moisture cleaning

Mix 8 ounces of Evolut-ION Cleaning Solution to 1 gallon of water in spray tank (1:16). Spray over Floor/Surface. Only a mist is required. Do not soak. Proceed to cleaning immediately before dry (do not let set). Drying time is 5 to 10 minutes.

Prespray

Mix 6 ounces of Evolut-ION Cleaning Solution to 1 gallon of water (1:20). Apply to Floor/Surface and brush. No dwelling time is required. Extract / Rinse.
